300 Lumen Foldable Rechargeable Lantern
Model: RMLN00302H-07-B

SAFETY INFORMATION

WARNING: Read all safety precautions and operation instructions carefully before use or servicing this light. Failure to comply with these instructions could result in a potentially fatal electric shock and/or property damage.

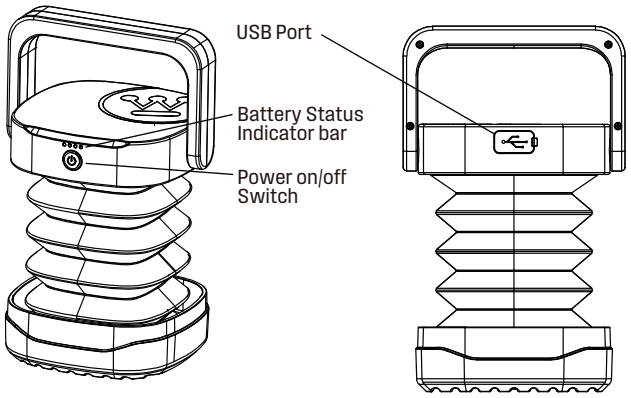

- Do not expose the light to fire or intense heat.
- Do not immerse in water.
- Your solar light and solar panel are both weather-resistant.

CARE AND MAINTENANCE

CARE & MAINTENANCE

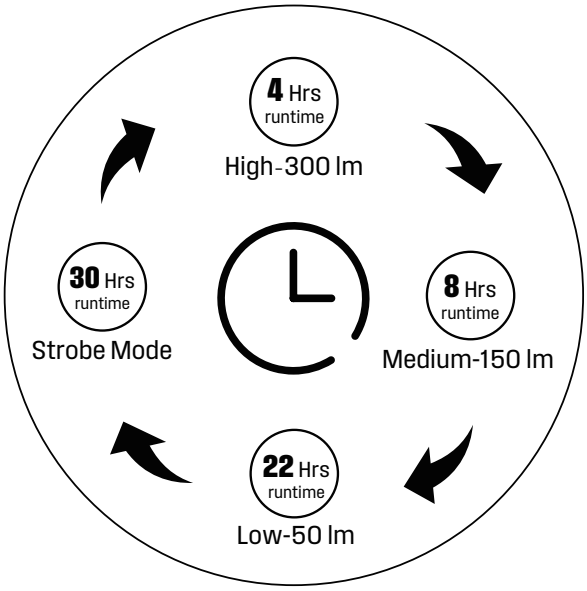

- The solar panel should be cleaned with a damp cotton cloth on a regular basis.
- This will ensure optimal performance and battery charging.
- Never let any abrasive material come into contact with the solar panel.

OPERATION

4 MODES

- The first press for high brightness (300 lumens) .
- The second press for medium brightness (150 lumens).
- The third press for low brightness (50 lumens).
- The fourth press for red flashing strobe mode.
- The fifth press turns the light off.

CHARGING

- When only one light on the indicator bar is lit, charging is required.
- During charging, the indicator strobes green.
- When the unit is fully charged, the indicator will turn solid green.
- Unplug the charging cable, and the indicator will automatically turn off after 4-5 seconds.
- Fully charge the battery in 2 hours.

SPECIFICATION

Internal Rechargeable Battery:	3.7V 2000 mAh, 1 × 18650 Lithium-ion battery
Brightness:	High: 300 lm, Medium: 150 lm, Low: 50 lm
Runtime:	High: 4 hrs, Medium: 8 hrs, Low: 22 hrs, Strobing: 30 hrs
Charging Time:	2 hrs
Charging Port:	Type-C 5.0V / 1.0A
Color Temp.:	5000K
Product Dimensions:	L × W × H: 13.9 × 12.3 × 22.8 cm / 5.5 × 4.8 × 9.0 in

TROUBLESHOOTING

PROBLEM	POSSIBLE CAUSE	SOLUTION
Lights will not come on	A. Light switch is turned off. B. Low battery. C. Cable connection is loose.	A. Press light switch to light up mode. B. Charge the battery using the USB-C input for approximately 2 hours. C. Reconnect the cable and make sure the cable connection is secured.

FCC WARNING

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTES: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
